My Dear Friend,

When my wife Robin and I first set out to make our fortune on the Internet we thought it was going to be easy. After all, the "gurus" told us it would be easy... and we believed them.

But in late 2002, after 14 months of suffering through failure after failure and racking up over \$22,000 in credit card debt buying all the "sure-fire" money-making programs we could get our hands on, I realized that things weren't working out and something had to change.

Actually, the facts are, Robin "realized" it for me when she told me in no uncertain terms that I needed to make some real money FAST or **I HAD TO GIVE UP MY INTERNET MARKETING DREAMS FOREVER!**

That critical moment in time was **THE** clarifying moment in my online business career... because I realized in that single moment of time, in the twinkling of an eye, that for the past 14 months ***I was too blind to see the forest for all the trees!!***

And in that moment, the decision I made right then and there changed our lives forever - setting us on the path to prosperity, massive success and financial freedom.

That decision has allowed us to go from being completely broke - hoping we had enough money to buy groceries that week (*if you count ramen noodles and peanut butter as "groceries"*) to living the life we have always dreamed about. The life we choose, which lets us...

...wake up when you want, work when you want, own a dream home, and much, much more!

Now, I don't know if we've ever met, but **I know these three things about you** (because I've been in your shoes)...

1. You're frustrated or maybe even angry because you're not bringing home the kind of money you know you deserve. You're working too many hours, much harder than you should, with way too little financial reward.
2. You're disgusted and sick and tired of wasting your time and your money on products, courses, and promotions that consistently produce little or no results. You want to take all the guess work and uncertainty out of the equation and learn what REALLY works today and will continue to work for years to come.
3. You want to learn the most effective and highly powerful marketing strategies that are guaranteed to dramatically increase your sales, income, and profits in the shortest amount of time.

And **it's not your fault** you haven't made the kind of money you want yet, or haven't been able to quit that miserable 60-80 hour a week job. It's not your fault because you've tried everything...

Just like me, you've probably bought every "how to make money" home study course under the sun, only to find almost all of them are rehashed garbage and a complete waste of your time and your money.

The bottom line is this: even if you've tried to make money online before... even if you've failed miserably... even if you have no product, no computer skills, little money and zero experience, then this may be the most important letter you'll ever read!

We're both so happy and EXCITED to share with you today a brand new money-making opportunity that has the potential to bring in millions of dollars for YOU!

And once you see how simply and easily it works for you -- you won't believe your own eyes!

Just follow our 4 Simple Steps. That's it! Once you have the secret and the 4 Simple Steps that we'll show you – **you'll get everything you need to be set for life!**

It's amazingly simple how this brand new money-maker works for you!! You will use it so easily -- but it can produce riches beyond anything you've ever seen!

This is the very same system that led to our first \$20,000+ month back in 2002 and is the same system we have used over and over again that has given us both the freedom FIRE OUR BOSS and to quit our grueling 80+ hour per week J-O-B's!

“Now The SECRET is REVEALED To You For The First Time Ever!!”

This is a simple plan anyone can follow. **Forget** complicated paperwork... **Forget** setting up and running an office.. **Forget** hiring and training employees... **Forget** overhead and **Forget** any confusing learning curve!

You have **NONE** of the headaches and hassles that most plans make you go through and most businesses require to be successful. All you do is **repeat the same 4 Easy Steps over and over!** That's it!

And, before you ask...

This Simple 4-Step System is new. It has NOTHING to do with multi-level marketing, gambling, chain letters, government loans, banking systems, door-to-door selling, real estate, party plans, or anything you've seen advertised before. In fact, **it has never been offered at any price.** **You'll be the first to get it!**

“How a Risky \$500 Gamble Paid off Our Credit Card Debt and Gave Us What Our Son Calls the Best Christmas Ever!”

Some people would call it an “error in judgment”. You'll understand why I say that in just a minute...

You see, when Robin gave me that ultimatum, to “**make some real money FAST**, or give up my online business dream forever”, something inside me “clicked”.

Maybe it was fear. Maybe it was one of those “light-bulb” moments... whatever it was I knew I had to **take ACTION** fast or my dream of financial freedom and success would disappear before my eyes!

And once I decided “GO FOR IT”, I was a man on a mission.

All of a sudden, the “fog” cleared and I realized I already had **all of the pieces of the puzzle** laying out in front of me and all I had to do was put it together!

So over the next 6 and a half weeks, I tore like a mad-man through ALL the books and home study courses that I had bought over the past 14 months... feverishly picking out little golden nuggets here, and little jewels of information there... **It was all coming together so easily now.**

... and during that mad rush to “make money or quit” I was able to finally turn all of this potential that I had penned up inside of me into **a simple 4-Step system** that I knew would give me REAL tangible results...

I couldn't believe my eyes! It was so simple and easy! Just 4 Simple Steps. **A simple 4-Step plan anyone can follow.**

And if I wanted more money, then all I had to do is repeat the same 4 Easy Steps over and over! That's it! “Can this *really* be true?!?” Suddenly, I realized...

All I needed was some money to test my new “4-Step System”.

And it was in that moment I made what some would call a critical “error in judgment” that changed our lives forever. I made the critical decision that has made ALL the difference and has given us the money and financial freedom that we deserved...

So, what was the decision, and what in the world does this have to do with you? Well, it has EVERYTHING to do with you if you are thinking to yourself right now...

*“If only I could catch a break, if somebody would work with me because they are genuinely interested in helping me **finally experience the success** I want to have but just haven't been able to put all of the pieces together to achieve yet.”*

Remember, just a few short years ago I was in your shoes. I knew all the theory **HOW to make money**, but I just couldn't take it to the next step and **apply** that information to make it work...

It's like having all the **ingredients** to Aunt Betty's mouth-watering, delicious chocolate cake but not being able to figure out **the exact recipe to actually make it and enjoy it!**

“The Decision That Changed Our Lives...”

So, I calmly and confidently approached Robin and said,

*“Honey, I know we don’t have any extra money, but I just need a couple hundred dollars and I **KNOW, I KNOW** my simple 4-step system will work – I just need to use the \$500.00 we have scrimped and saved for the kid’s Christmas to test it out...”*

You could have heard a pin drop. It took me 4 solid days of begging, pleading, begging some more... and Robin finally broke down, gave in and agreed to let me use the \$500.00. ***The rest is history...***

Our first \$3,000.00 day soon turned into our first \$20,000.00+ month and today Robin is working our home business right here beside me... and we’re still using the same simple 4-step process that I developed over 5 years ago to crank out **site after money-making site!**

I guess I **FINALLY** turned her into a believer!
